

Soutron signs new European Business Partner for the Benelux Region, HuXam

HuXam, an established provider of corporate customer contact software in the Netherlands, has today signed an agreement to integrate Soutron software into their Enterprise Knowledge Management solutions.

Steyn Elshout, Director at HuXam says “We are very much looking forward to working with Soutron to provide flexible cloud-based knowledge management software solutions to our clientele. Few applications are as flexible as Soutron in managing digital assets.”

“The skills that HuXam bring in designing and devising database solutions is very exciting. There is great synergy between our two companies that will result in new innovative ideas being brought to fruition for the benefit of all our clients” Graham Beastall, Managing Director at Soutron.

About HuXam

An award-winning solutions provider experienced in Oracle and SQL database solutions for customer service operations across Europe.
